

Pompa BLAZEMASTER

Made in Australia

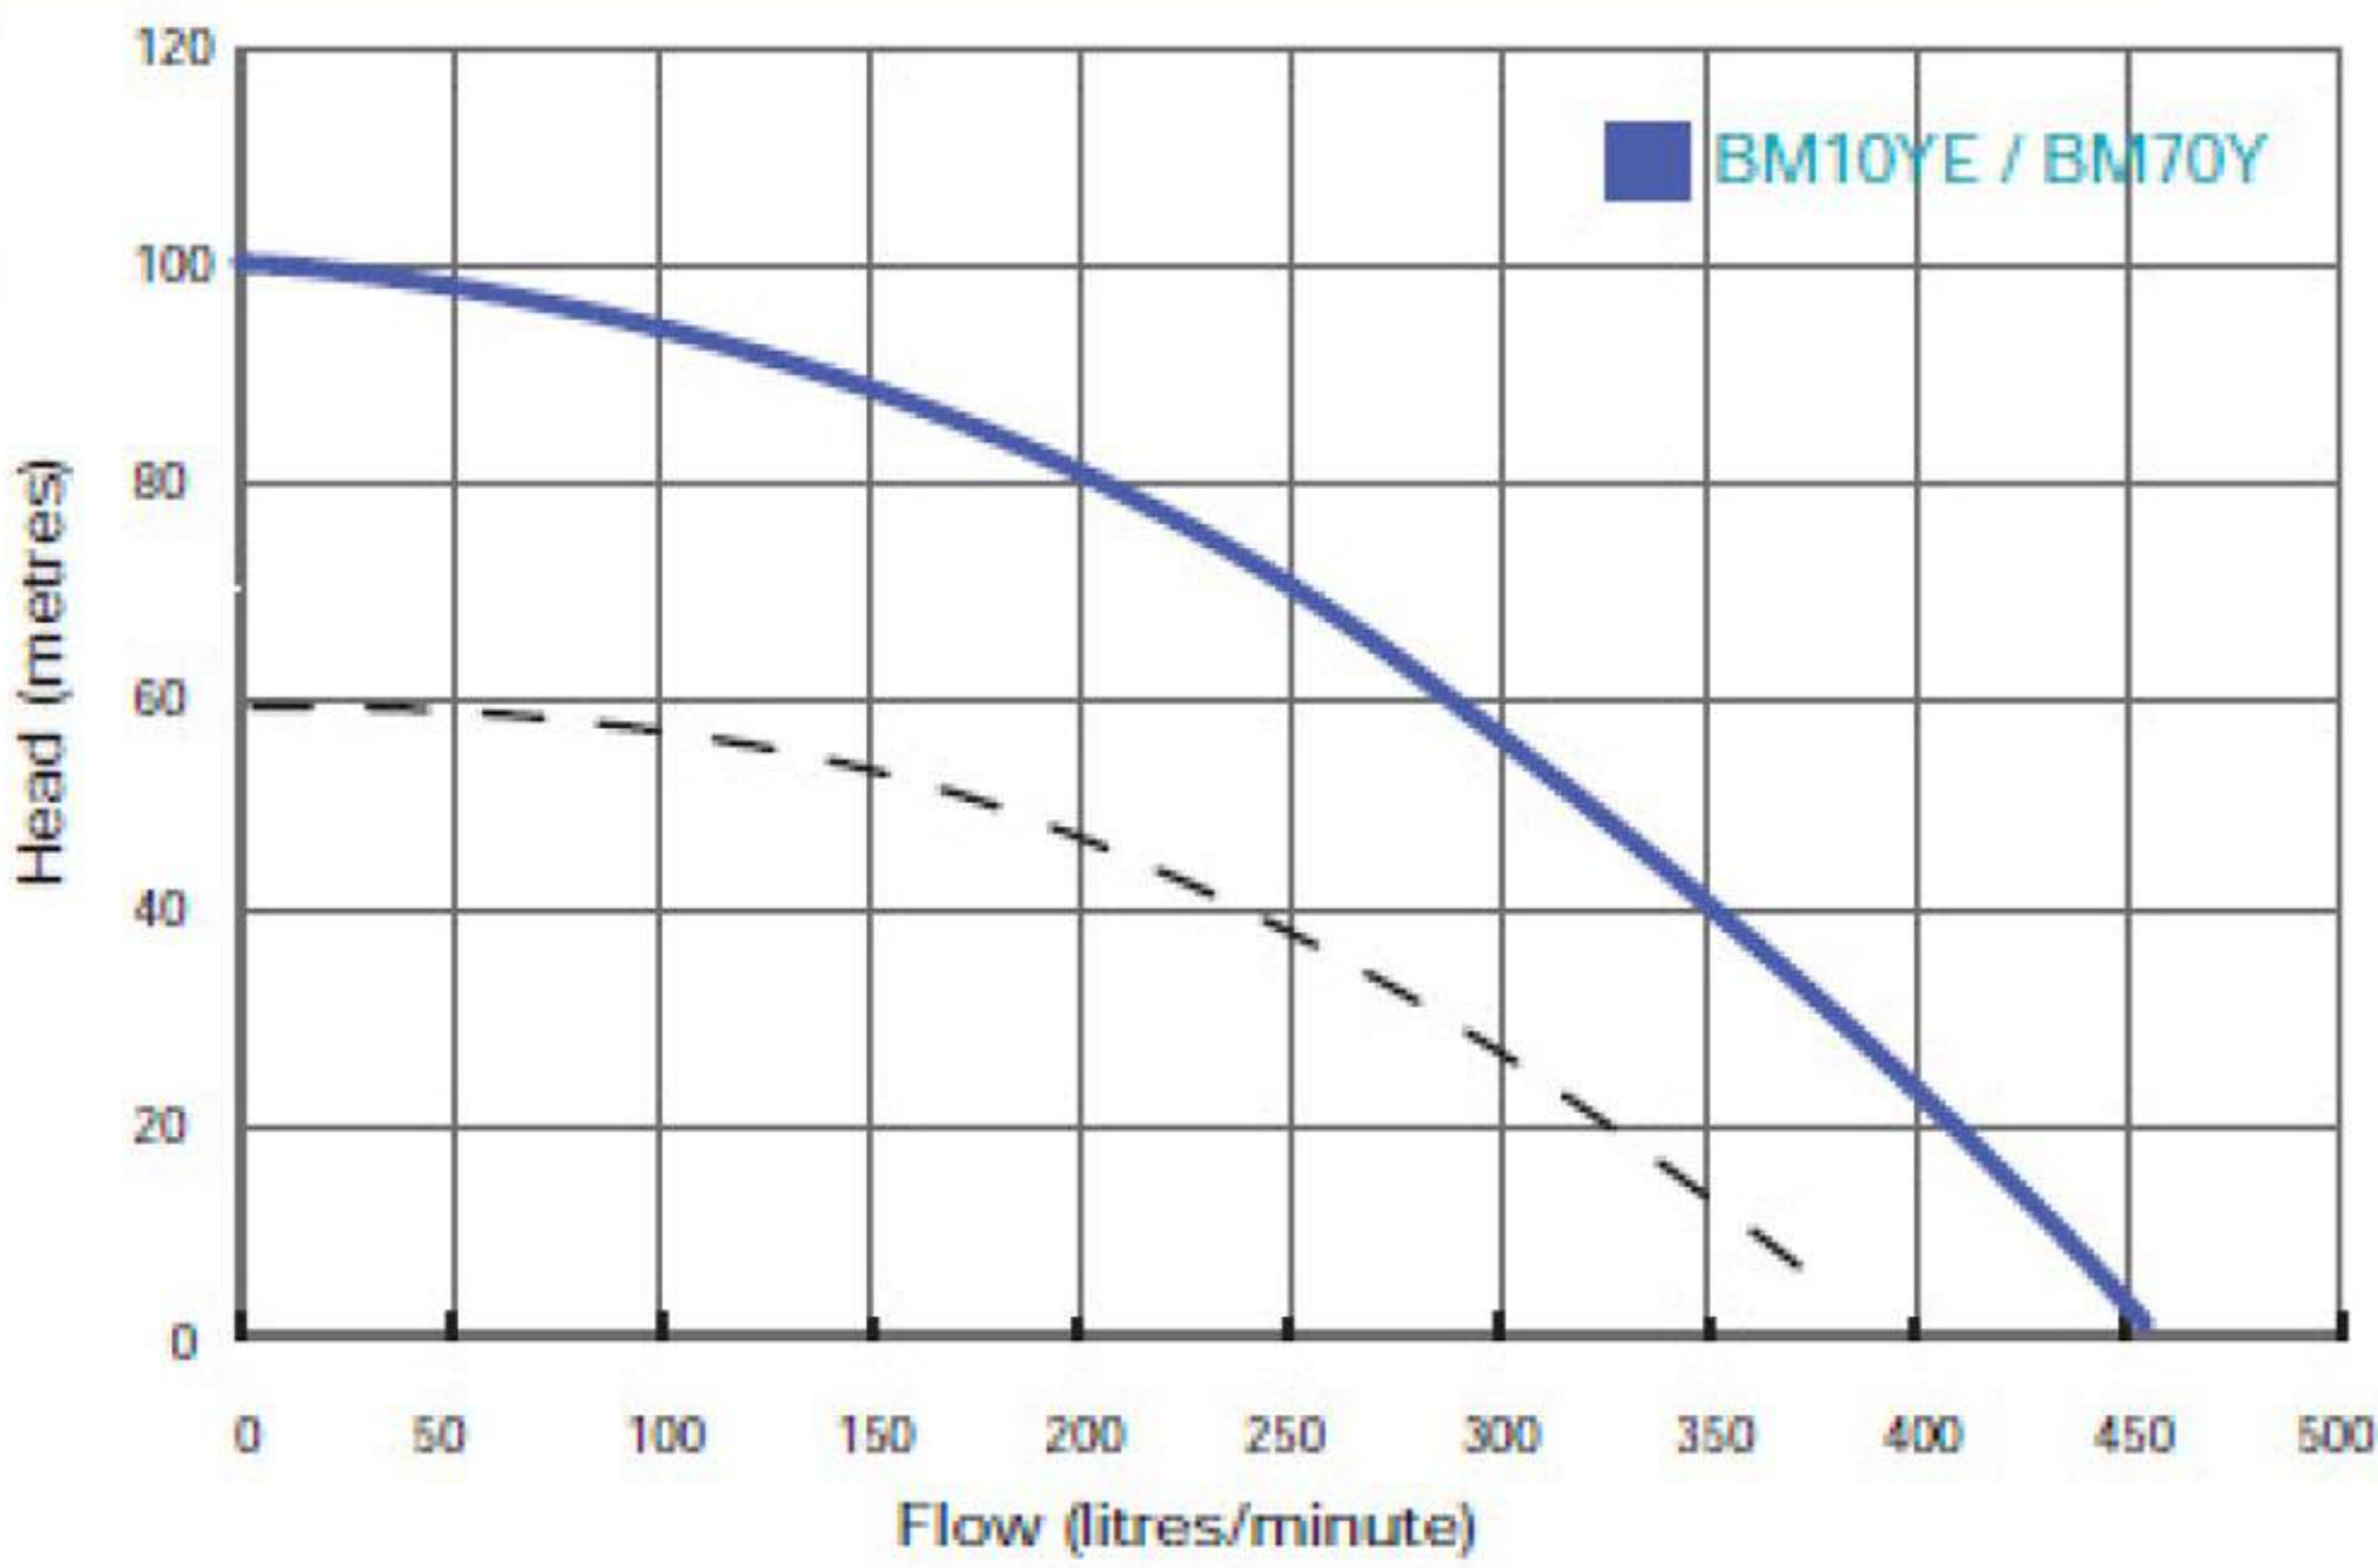

Pompa tekanan tinggi buatan Australia dengan kipas tertutup dari bahan **Glass-filled Noril**, yang tahan asam dan pasir

Model	BM10Y	BM10YE
Engine type	L100N	L100NE
No of cylinders	1	
Bore x Stroke (mm)	86x75	
Displacement (Ltr)	0.435	
Continous rated output (rpm(min)/kW(ps))	3000(5.7/7.7)	
Maximum rated output (rpm(min)/kW(ps))	3000(6.5/8.8)	
Cooling system	Forced Air by Flywheel fan	
Lubricating system	Forced lubrication with Trochoid pump	
Starting system	Recoil starter	Electric starter
Fuel capacity (Ltr)	5.4	
Oil capacity (Ltr)	0.8	
Capacity water max. (Lpm)	450 Lpm	
Pressure max. (Bar)	10	
Head max. (meter)	100meter	
Pump material	Poweder coated Aluminium	
Input (mm/inch)	50/2	
Output (mm/inch)	2bhx50/2 dan 2bhx37/1.5	
Dimensi (mm)	632x471x494	632x600x494 (out frame)
Weight (Kg)	60	65 (out frame)
Made in	Engine made in Italy - Pump made in Australia	

Impeller Ganda Pressure 10Bar

Continuous Duty Only operate engine at 3000 rpm for continuous duty applications.

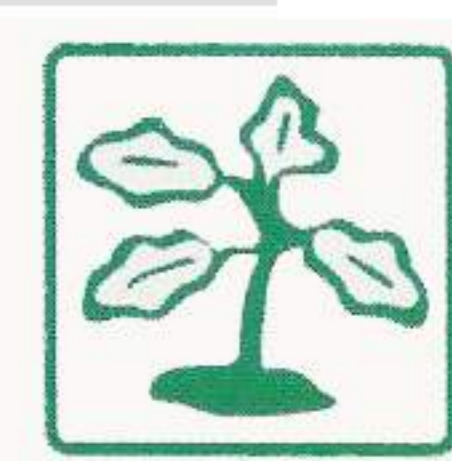

A reputation in hot places. For many years Onga has supplied pumps to the CFA, NSW Bushfire Council and other fire fighting bodies. With Blazemaster pumps, you can benefit from our years of experience.
